

```
int t[100];  
i = 2;  
| | 3 | 7 |
```

```
void swap ( int n, int m ) {  
    int r;  
    n = m;  
    m = n;  
    r = r;  
}
```

X → destruction de n & m et r!
